Portfolio: [kayleedoliente.github.io](https://kayleedoliente.github.io)

## EDUCATION

**University of California, Irvine (UC Irvine)** **Expected Grad: Spring 2025**  
**Bachelor of Science (B.S.) in Informatics, specialization in Human-Computer Interaction** **GPA: 3.6**  
Dean's Honor List (3 quarters),  
Activities and Societies: ASUCI, Commit the Change, Design at UCI, ICS Student Council (ICCSC) Corporate Outreach Committee, Product Association at UCI

## PROJECTS

**Personal Portfolio Website** | Web Developer and Designer **June 2023 - Present**

- Individually designed and developed a dynamic website for showcasing my projects, skills, and accomplishments.
- Created a responsive design using HTML, CSS, and JavaScript ensuring optimal user experience across various devices.
- Crafted a visually appealing and user-friendly interface, leveraging design principles and UI/UX best practices.

**HobEz** | UX/UI Lead **September 2023 - December 2023**

- Designed and implemented a user-friendly app interface, conducting in-depth user research, user feedback, and iteratively improving the app's functionality and usability.
- Transformed user hobby preferences into tailored product suggestions, enhancing overall user satisfaction and retention.
- Designed and prototyped app screens utilizing Figma, optimizing the user experience with a focus on simplicity and clarity.
- Winner of Design at UCI's Fall 2023 People's Choice Award.

## EXPERIENCE

**Product Association - UC Irvine Student Organization | Product Design Fellow** **December 2023 - Present**

- Engaged in a quarter-long fellowship program within the Product Association's incubator.
- Collaborated with a cross-functional team, including project managers, software engineers, and product marketers, bringing a product from ideation to launch.
- Received direct mentorship, curriculum, and training sessions from seasoned student leads, gaining insights into the complete product lifecycle.

**Commit the Change** - UC Irvine Student Organization | UX/UI Designer **October 2023 - Present**

- Collaborated with a dynamic team of 15 individuals to develop a user-friendly portal for "Feeding Pets of the Homeless" and local supermarkets. The portal facilitates the tracking of donations, streamlining processes, and ensuring efficient resource allocation.
- Selected as a UX/UI Designer through a competitive process, reflecting a strong commitment to design excellence and problem-solving.

**Design at UCI** - UC Irvine Student Organization | Project Teams Participant **Jan 2023 - December 2023**

- Collaborated in three cross-functional teams of 5-6 members to tackle design challenges and deliver solutions.
- Attended two hour weekly meetings to learn about the design process and strengthen design thinking.

**Code Ninjas - Irvine, CA | Code Sensei** **April 2023 - October 2023**

- Actively mentored 30+ students on their coding journey, fostering a solid foundation in Python and Java.
- Promote a team-oriented environment that values shared success and mutual growth.
- Demonstrated exceptional expertise by mastering the curriculum, enabling the ability to coach and mentor students, and fostering an environment of continuous growth and learning.
